LEVERBACK EARRINGS

- n. 36 Aurelia Gold beads color A
- n. 10 Aurelia Gold beads color B
- Rocailles 8/0
- Rocailles 11/0
- n. 02 Leverback Earrings or similar
- Size 12 beading needle
- Crystal braided beading thread size 0,15 mm

Recommended: Beading mat, beading lamp.

Level: Intermediate;

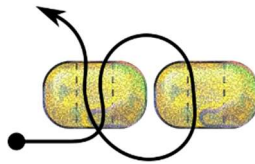

Techniques: familiar with brick stitch and bead weaving.

Finished Size: lenght 4 cm (1,57 inches), width 3 cm (1,18 inches) Leverback earring excluded.

Step 1. Prepare the needle with 50 cm of thread (19 inches) leaving a thread tail of 15 cm (5,90 inches).

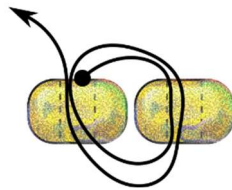

String 2 Aurelia Gold beads color A, as shown in the diagram.

STEP 1

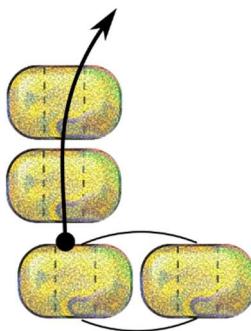

Step 2. Go through the work several times to strengthen it.

STEP 2

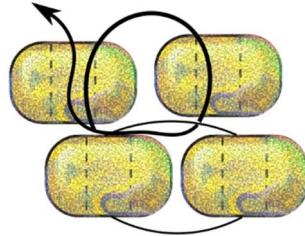

Step 3. Exiting from the Aurelia Gold bead A as shown in the diagram, string two Aurelia Gold beads color A.

STEP 3

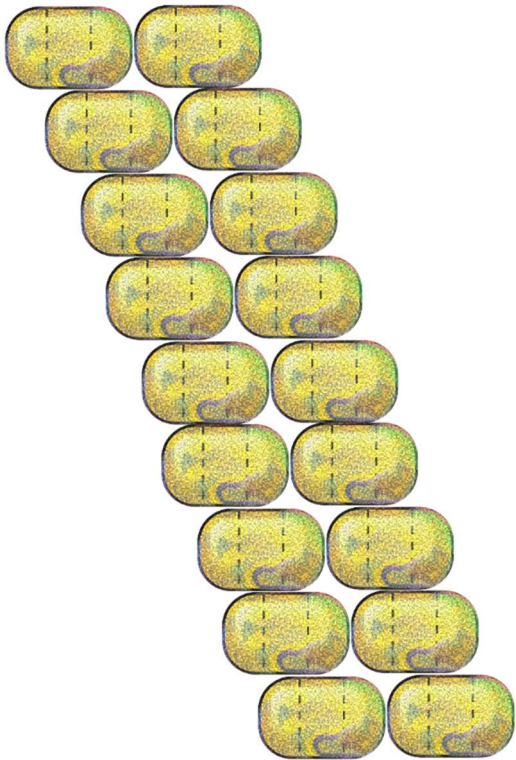

Step 4. Insert the needle under the thread (connecting the two previous beads), position the beads as shown in the diagram (brick stitch) and pass from bottom to top in the first inserted bead.

STEP 4

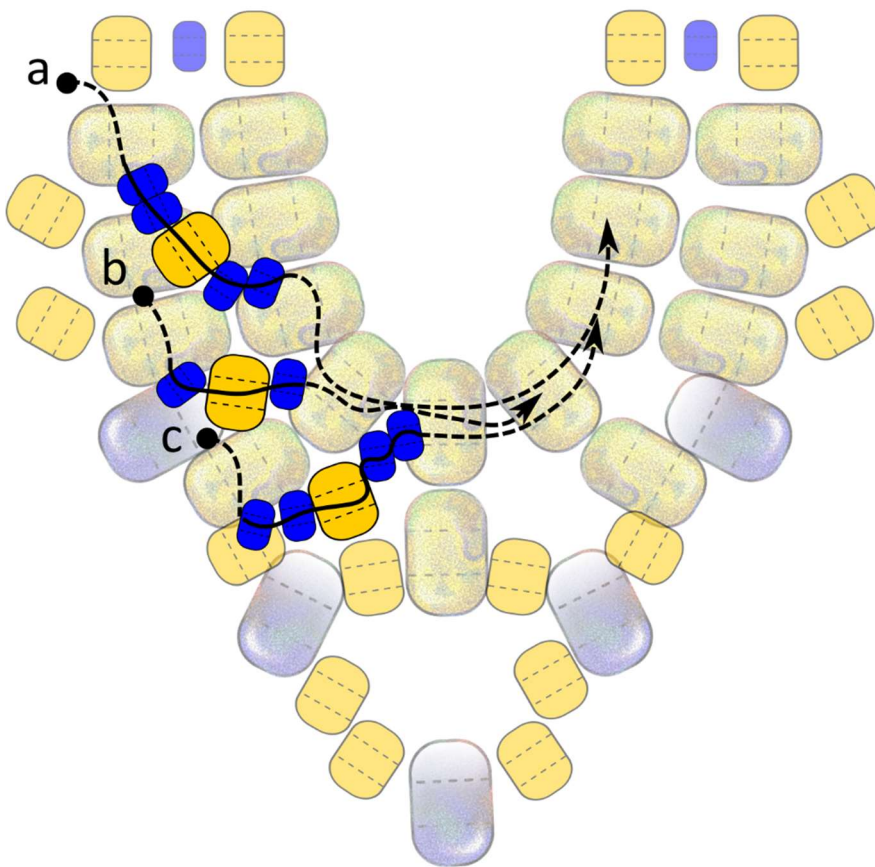

Step 5. Repeat step 4 for seven times, to achieve nine columns in total.

STEP 5

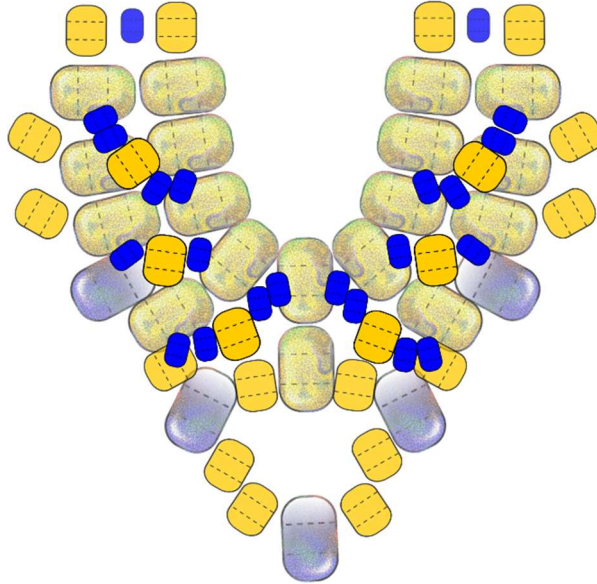

Step 10. In this step we have to sew beads on the *earring surface* as shown in the diagram. I have drawn the three thread paths in this diagram. It does not matter where you start as long as you add beads as following: **(A)** two Rocailles 11/0, one Rocailles 8/0, two Rocailles 11/0. **(B)** one Rocailles 11/0, one Rocailles 8/0, one Rocailles 11/0. **(C)** two Rocailles 11/0, one Rocailles 8/0, two Rocailles 11/0. Repeat simmetrically in the other half of the earring. Go through the work several times to strenghten it.

STEP 10

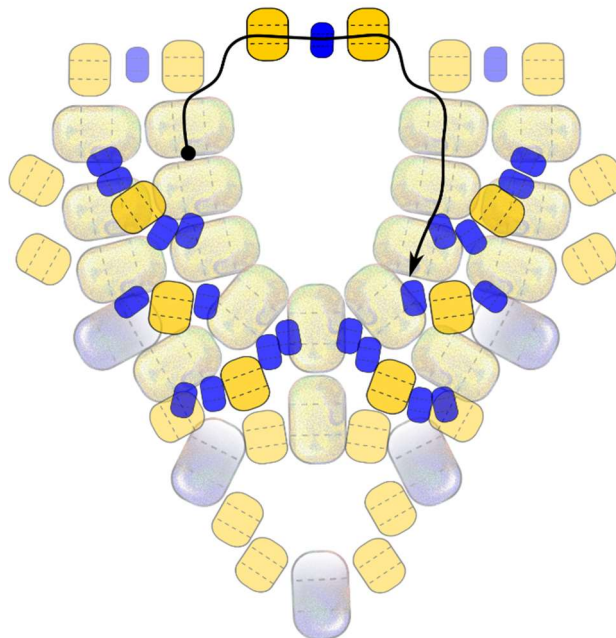

Step 11. This is what we have to achieve.

STEP 11

Step 12. Exiting from the Aurelia Gold Bead A as shown in the diagram, string one Rocailles 8/0, one Rocailles 11/0, one Rocailles 8/0 and sew through the work several times to strengthen it.

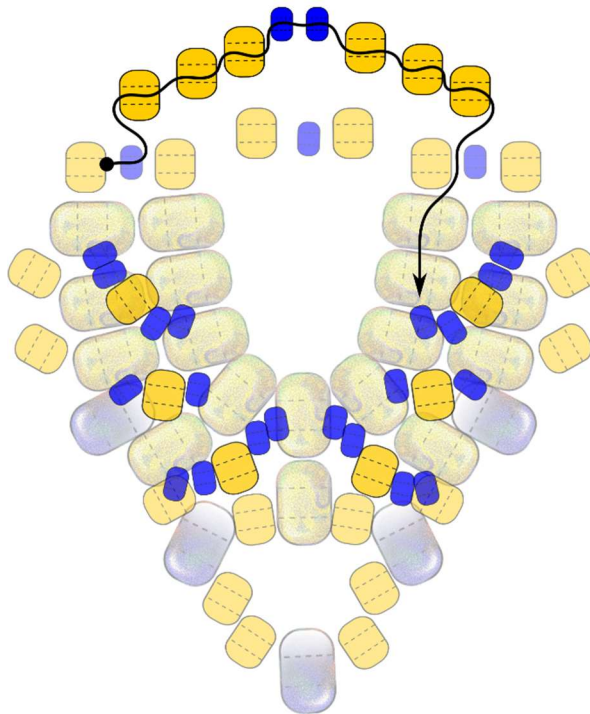

STEP 12

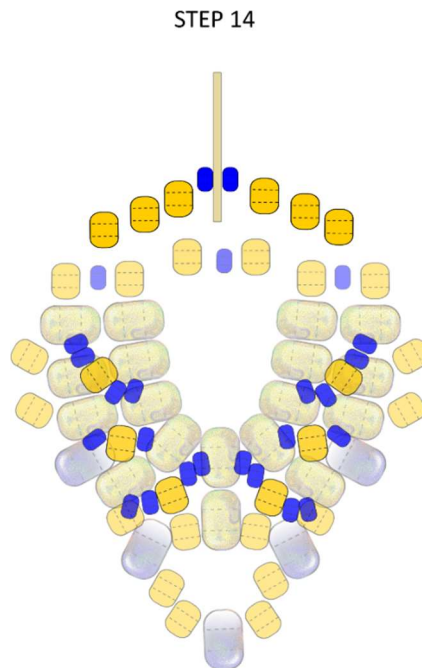

Step 13. Exiting from the Rocaille 11/0 as shown in the diagram, add three Rocailles 8/0, two Rocailles 11/0, three Rocailles 8/0 through the work several times to strenghten it.

Please take note that depending on the earring hook/french wire earring/leverback earring you are using, you may need to adjust the number of beads to make the earring attachment more harmonious.

STEP 13

Step 14. Insert your wire earring. Make the second earring.

Thank you so much for choosing this tutorial!

I truly hope you enjoyed making this design and that the instructions were clear and enjoyable to follow.

If you have any questions or need any additional information, please feel free to contact me. I'll be happy to assist you.

Thank you again, and happy beading!
