- Aurelia Gold beads color A (30 for both, earrings and pins included)
- Aurelia Gold beads color B (8 for both, earrings and pins included)
- Rocailles 8/0 (46 for both, earrings and pins included)
- n. 02 Earrings (leverback or french earrings wire)
- n. 02 Gold Plated Circle hoop 30 mm (open from one side)
- n. 6 eye pins 0,7 mm
- Memory Wire bracelet 0,6 mm
- Aurelia Gold beads color A and B for the bracelet. Number of beads depending on length of your choice. I needed 130 for mine.

In addition to the above materials we have to use also: Pliers and straight cutter to work with wire.

Recommended: Beading mat, pliers to create one step loop (One Step Looper plier to work easily with pins).

Level: Beginner;

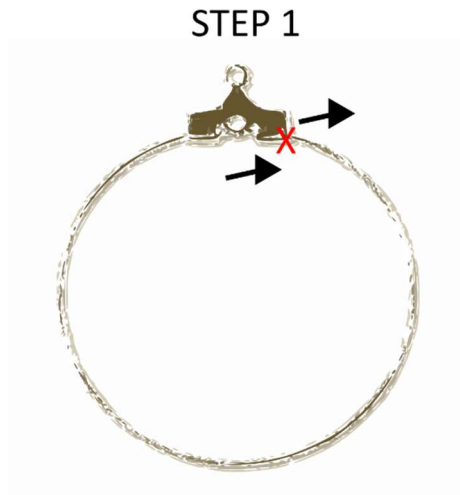

Techniques: Stringing;

Finished Size: Earrings - 5 cm (1,96 inches) earrings excluded. Bracelet: It depends on how many beaded loops you want to create. I usually do at least three. For this bracelet I did cut 45 cm wire memory (17,70 inches).

Aurelia Gold Beads colors used for this project: **Coral Red and Turquoise Blue.**

Earrings:

Step 1. Open the earring circle, by lifting the metal wire out of the groove.

Step 2. Insert Aurelia Gold Beads *alternating* Rocailles 8/0 beads in the wire. For this 30 mm circle hoop insert 15 Aurelia Gold beads and 16 Rocailles 8/0 alternatively. Please take note that the eighth Aurelia Gold bead added (the central one in the lower part) is color **B**.

Close the edge of the circle by inserting the metal wire in the groove and fit it securely to prevent beads from falling out.

Step 3. Prepare n. 3 eye pins with the Aurelia Gold beads color A and color B and Rocailles 8/0, as shown in the diagram.

STEP 3

Step 4. After making the loop at the edge of the pins to prevent beads from falling out, hook the pins as in the diagram: one pin in the top part of the circle and two pins in the lower part of the circle.

STEP 4

Step 5. Add the earring. You might need extra jump rings to connect the hoop to the earring, depending to the earring you have chosen. Make the second earring.

STEP 5

Bracelet:

Step 1 BRACELET. Cut 45 cm from the wire memory (17,70 inches) and make a loop at one edge with conical pliers. If you can manage, tie a double loop too.

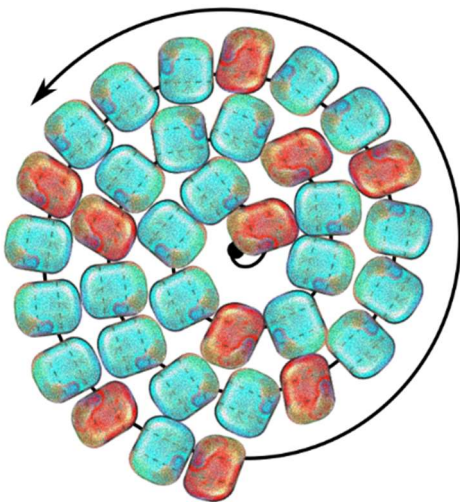

STEP 1 bracelet

Step 2 BRACELET. Insert n. 130 Aurelia Beads in the color sequence you like. For this bracelet I have inserted one Coral Red Aurelia Gold and three Turquoise Blue Aurelia Gold alternately for entire length.

Make a loop at the other edge of the wire memory to prevent beads from falling out.

STEP 2 bracelet

Thank you so much for choosing this tutorial!

I truly hope you enjoyed making this design and that the instructions were clear and enjoyable to follow.

If you have any questions or need any additional information, please feel free to contact me. I'll be happy to assist you.

Thank you again, and happy beading!
